

CORONAVIRUS (COVID-19)

PREVENTION & RAPID RESPONSE

ADR Services has been observing the Coronavirus outbreak and has taken the necessary steps to respond immediately across the State of California. ADR Services has implemented a Coronavirus Task Force that is ready to assist in protecting your facilities and staff while minimizing business interruptions. While the cases of infection are low in North America, the CDC recommends doing what you can to prevent further outbreak.

Schools & Universities | Offices | Hospital & Medical Buildings Senior Living & Daycare Centers | Municipal Buildings

SAFETY & RESPONSE:

We have the qualified managers and technicians that are trained in decontamination procedures and are ready to safely and discreetly clean your property to protect your employees, occupants and the general public. Our staff is specifically trained in the cleaning of air and blood-borne pathogens and are equipped with the proper Personal Protective Equipment (PPE) to handle such jobs.

COVERAGE:

ADR Services is able to respond anywhere within the State of California and can mobilize within 24 hours. When asked to respond to a location, a site-specific response plan will be developed.
